

A Christmas Carol

A Ghost Story of Christmas

Join the ghosts of Christmas Past, Present and Future as they guide Ebenezer Scrooge on a journey of redemption. This music-filled production, originally conceived by Michael Baron, brings Dickens's classic to life with beloved characters, spirited ghosts and a vibrant children's ensemble. Acclaimed actor Craig Wallace returns as Scrooge in Ford's annual holiday tradition, praised as a "rich visual and vocal treat" and "infectiously jolly."
